This is a new day dawning. You are redeeming the past & building for the future. God's pronouncements for this campus, community, & individual lives will be fulfilled. HE IS UNSTOPPABLE & UTTERLY FAITHFUL. As you join your prayers to the bowl of incense in heaven, the synergy of the ages accelerates & you will see in your GENERATION the fruit it produces. This is only the beginning!

Lead us, show us your way. As college students I feel there is an idea that there is ONLY so much we can do, but it's not true. I see here tonight God working thru us all. Bringing us all out and spreading his word AND PRAISING HIM. I know he will work thru all these ministries to spread your word and as we unite as ONE, not our separate groups, under him our campus will come ALIVE! So lead us, guide us, and show us your way because as we leave here tonight we are ONE with you and each other.

my favorite station was "BE STILL"

God is good. He answers our prayers.  
May the ends of our hearts bless Virginia Tech.

Praise God!! Let us continue to keep unity in prayer and loving Him.  
I totally felt God's presence and spiritual realm shifting knowing VaTech is covered in prayer.

To my brothers & sisters: 'let us hold  
unswervingly to the hope we profess'! Yes, but  
let us not hold it for ourselves; hold it in  
open hands, brimming w/ God's love!

4/20/06

May the ~~God~~ Lord raise up spiritual  
generations. As the Lord promised Abraham  
that the nations will be blessed through  
him, that promise is for us ~~to~~ as well.  
We praise you O, our King. We seek  
your face & may we come to a  
fuller understanding of your Love. May  
we be willing to sacrifice ourselves so that  
a harvest may be had. In Jesus name,

Lord, hear our prayers for this  
campus, for this country & for this  
world.

As Christians we see turmoil in the supernatural; we see the enemy  
weakening our brothers and forcing us down into compromise and silence.  
We see organizations fighting for their "right" to live a counterfeit of what  
God had in mind for life. I believe the Lord is calling us back into the  
offensive. I believe that if we seek the Lord and obey, the Lord will  
move radically on this campus and on the campuses around us.  
Vtore was spawned by a leading from the Lord and an OBEDIENT

heart that listened. Do the small things Jesus places on your heart. Obey in the little and He will trust you with the big. Take heart, brothers, for our Lord is a God of strength and action. I feel a huge call to obedience and obedience is useless without a leading and direction. Here we are to seek the Lord's face and to bring him our hearts in petition. Let's seek his heart and obey. Not matter how trivial WE think it is. Does not one snowflake start an avalanche or one spark start a raging fire?

The concept of being still is often lost with me in my prayers. I ask for answers, for guidance, for power, and then I say Amen and move on. It hit me tonight that I too often don't give God a chance to answer, I just expect things to happen. From now on I will stand silent in his presence, knowing he is God and he wants his kingdom to be magnified and he wants to use me. I saw myself kneeling and crying when I cleared my mind and asked God to speak to me. I got smaller and smaller and the earth got bigger and bigger. Suddenly, the vastness of space, the heavens, came into view, and it was a glorious white instead of unending darkness. A time of jubilee is coming.

WHY ARE SURPRISED THAT GOD IS NOT MOVING AS AMAZINGLY AS WE MIGHT PRAY? HOW OFTEN DO WE LOOK AT OURSELVES AND OUR LIVES AND ASK HOW DIFFERENT WE APPEAR TO THOSE WHO DON'T KNOW CHRIST. WE ARE DIVIDED AMONGST OURSELVES. CAN THE BODY EXIST IN PARTS? CAN A HOUSE DIVIDED STAND? UNTIL WE WHOLLY UNITE AS ONE BODY, HOW WILL THE WORLD SEE THAT WE ARE HIS, TRULY HIS. HOW WILL THEY EVEN SEE THAT HE IS.

"THE GLORY THAT YOU HAVE GIVEN ME I HAVE GIVEN TO THEM, THAT THEY MAY BE ONE JUST AS WE ARE ONE. I IN THEM AND YOU IN ME, THAT THEY MAY BE PERFECTED IN UNITY, SO THAT THE WORLD MAY KNOW THAT YOU SENT ME, AND LOVED THEM, EVEN AS YOU LOVED ME."

JOHN 17:22-23

SURELY WHEN THIS HAPPENS, THE DAY OF THE LORD GROWS NEAR. SOMETHING BIG IS STARTING TO BEGIN...

Daddy - Thank you for the opportunity to have fellowship with you, to lift up our prayers knowing they will be heard and answered in your time to fulfill your perfect plan. Thank you for worship, communion with you, and stillness. You are amazing and worthy of all praise!  
I love you!

Thank you also for all those who contributed to making this night of prayer a reality - bless them and open their eyes to see you move and answer our prayers!

I HAVE ALWAYS LIKED PSALM 46:10.  
JUST THE SIMPLICITY OF BEING STILL... JUST BREATHING,  
LISTENING, TAKING IT ALL IN. THAT IS WHEN GOD TRULY SPEAKS.  
IN A WHISPER, RIGHT?

BUT AT STATION 8, AS I WAS JUST SITTING THERE, TAKING IT  
ALL IN, BEING STILL, I NOTICED SOMETHING. PERHAPS I HAD  
SKIPPED OVER IT, ALL THESE YEARS, BUT THERE'S A SECOND  
HALF TO THAT VERSE. DON'T JUST BE STILL.  
KNOW THAT GOD IS HERE. HE WILL ALWAYS  
BE HERE.

AND KNOW THAT EVERYTHING WILL BE OKAY.  
SO OFTEN I GET TIED UP IN THE STRESS, THE  
CHAOS OF IT ALL. I FORGET THAT GOD'S IN CONTROL OF THE  
SITUATION. I FORGET THAT WHEN I PRAY ABOUT  
SOMETHING, GOD SAYS "I'M ON IT. I KNOW."  
AND THAT IS A VERY COOL THING.

THANK YOU FOR STATION 8.  
 KELLY.

God, thank you for using us to further your kingdom. Thank you for blessing us in so many ways and help us to see how your blessings are intended to help us further your purpose for our lives, but mainly for your kingdom. Help us to glorify your name + exalt you before all the nations. Your name is great, God + you have been an incredible presence in my life. Thank you for life. Show me how I might serve you.

Lord,

I pray that we your servants would be willing to follow your example. I pray that we would lay aside how the world tells us we can and can't worship you. I pray that we would be radically in love with you so much so that the world can't help but notice the transformation in our hearts. I pray that we would fade and you would shine as we seek to make the church more like your body and less like a club where we can hang out with cool people just like ourselves. Thank you for grace, thank you for love. Thank you for the ultimate sacrifice.

In the name of the Risen Christ,  
Amen

God - we need to pray more - I need to pray more - with more faith. Faith is something so basic that we forget how to completely live it out. God. Help all Christians on this campus, praying time daily in our prayer to lift up the campus, praying that we spark will start the fire. I pray that we believe it. Nothing is impossible for you God - so why don't ~~we~~ we pray for that now. - That the students that walk on those sidewalks will someone see & embrace your amazing love and glory. Help us reach out genuinely & just be real. Amer.

God, thank you for a taste of true goodness in fellowship w/ other believers. You are so faithfully loving God!

Oh that we would know you, Lord, in the power of your resurrection, fellowship with you and all the saints in your gathering and death, even death on a cross. That you would remove our blinders, take away the safety nets and harnesses - allow us a free fall into your grace. Bring us to the end of ourselves, to the end of our rope, that we might see it is and never can be enough, save the love and grace that you so freely bestow upon all who call on your name. Draw us in your forgiveness, inundate us in your love, overwhelm us with your peace. Lay siege to our hearts til they yield to you with joy. You are our portion, Lord, forever enough to eternally overflow our cups.

Goal.  
 need you - glory, we need all of you  
 even though but a bit is sufficient. Task  
 this computer needs you sobad, and we barely recognize  
 it. Let us live with intention, pray with intention, love with intention.  
 You are Worthy of that! Let us work every breath  
humane and expectant you. How work could that change us?  
 Find ourselves knowing that we need you and need to have you deep  
 within all of our lives. Live in us that you need to be our lives  
We need you to be our lives. all of us.

Dance, majestic dance that will never end  
 Dance with Joy, love and peace in a ~~world~~

Man does not know struggle until he fights  
 what is unnatural for him to fight.  
 True Perserverance can be gained through enduring  
 what you must to combat that which your mind  
 thinks it can not

We must all desire perserverance  
 II Thessalonians 1:4

Let us encourage one another, in example & word & prayer. Lift each other up and let none fall into neglect. God, give us your love for one another, not merely friendship, but the same love you have for us.

You are my God, and  
I will praise you; you are  
my Lord, I will exalt you.  
- ps 118: 28

As the body of Christ here at VT, we exalt His name by becoming His hands and feet, His mouth and ears, but we should not limit ourselves by thinking "Oh, Cru is a good outreach body, [NCF] is a good place for community, so we don't have to worry about those aspects of our ministry." Instead, the individuals within each campus ministry that are blessed with the ability to reach out into the community need to unite and become our outreach "team" at VT. Similarly, all those who are blessed with a good sense of community need to unite across the borders of our designated ministries. In this way, the needs of our community on this campus will continue to be met, and God will be exalted by a body that is not lacking in anything, completely unified under His banner.

Lord, let us be of one body, one mind, one hope, and one purpose. May your love spread across this campus like a holy fire. May we be consumed with a passion to be bold witnesses for you and may we never lose sight that your son Jesus paid it all for all of us. Help us to be strong men and women of faith; help us to be who it is you would have us be. God bless this campus.

"Have I not commanded you? Be strong and courageous for the Lord your God is with you wherever you may go." Joshua 1:9

T.J. - CCVT

Wake us up Oh God. Awaken our hearts. Open our eyes. That your message wouldn't be "old" or "repetitious" but that it would grasp ahold of our hearts and that we would have a new revelation of who and what you are. I pronounce death to myself, to my selfishness, to my pride, to my heart of lukewarmness. Spark within me a raging fire that I would worship you acceptably with awe because God, you are a consuming fire. Help me to see love - to know & get the root of it all - love. Revive, renew, restore.

FAITH

Dear Father,

We are from many backgrounds, with many concerns, but Christ Jesus has united us through His death and resurrection to be Yours. People here on this campus. May this and succeeding generations of students see the splendor of Your Being shining through all who name the Name of Jesus Christ and find in Him the purpose for which they - we all - were created.

Thank You, Lord, for this opportunity to join together during this time to seek Your Face and intercede for Virginia Tech. Bless those who have had the vision of bringing all Your children together to seek You and serve united in Christ's Name.
